

ENTRY DENIAL / BOOBY TRAP TRAINING KIT – INERT REPLICAS

Product code: SKU: OTA-TK06 Price \$2,968.80 – \$3,312.80

This IED training kit includes non-functioning replicas of a variety of devices utilized as entry-denial booby traps. These devices are typically found in areas where terrorists are attempting to delay law enforcement or military from entering their homes / workshops. They can also double as a means to destroy evidence if detonated.

Includes:

- Gas Can Incendiary Device (Tripwire)
- Glass Bottle Device w/ Frag (Tripwire)
- Glass Bottle Device (Tripwire)
- Glass Jar Device (Tripwire)
- Shotgun Shell Directional Mine w/ E-Match (Tripwire)
- 2" Steel Pipe Directional Mine (Tripwire)
- Small Double Pipe Bomb (Infrared Circuit)
- Steel Pipe Bomb w/ All-Thread Reinforcement (Tripwire)
- Steel Pipe Bomb w/ Pull Ignitor (Tripwire)
- Grenade + Steel Can Device (Tripwire)
- Grenade w/ Magnetic Attachment (Tripwire)
- .50 Cal Bullet Top Popper (Pressure)
- M80 Improved Grenade w/ Nail Fragmentation
- Improved Spike Strip

International orders will have the following substitutions to items in this that require ITAR licensing:

- Replica MK2 Frag Grenade
 - The spoon on the replica fuse is modified with a magnetic attachment, and will not attach to a real fuse.

UNDER VEHICLE IED (UVIED) TRAINING KIT #1 – INERT REPLICAS

Product code: SKU: OTA-5001- Price \$4,553.80 – \$5,933.80

This inert IED training kit is specific to hazardous devices employed under, on, and inside vehicles. Including printed training manuals and materials, large full color training posters, and inert non-explosive training aids designed specifically for training security personnel in the detection of vehicle borne explosive devices (VBIEDs). This kit was developed for and in conjunction with manufacturers of under-vehicle inspection systems currently in use worldwide.

Person-borne IEDs (PBIEDs) / suicide vests are included, as drivers commonly are armed with these devices as a secondary detonation source.

INCLUDES:

- 1x Under Vehicle Inspection Training “Handprints & Smudges”
- 1x UVIED Visual Training Guide
- 1x Dummy Cell Phone (w/ Wires)
- 1x Digital Countdown Timer (w/ Wires)
- 5x Battery Holders (Assorted)
- 100 ft. Coil Detonating Cord (Red)
- 10x Electric Detonator / Blasting Caps (Assorted Styles)
- 5x Non-Electric Detonator / Blasting Caps (Open-End)
- 5x 1 meter Shock Tube Assemblies (w/ Non-Electric Detonator)
- 1x C4, 1 lb Bulk
- 1x Semtex-H, 1/2 lb Bulk
- 7x Dynamite sticks (Assorted)
- 1x 25 Kg Ammonium Nitrate Fertilizer Bag, Pilled (Domestic, Filled)
- 1x Shaped Charge UVIED
- 1x Pipe Cap Shaped Charge VBIED
- 1x Steel Pipe Bomb UVIED, Medium
- 1x Steel Pipe Bomb UVIED, Large
- 1x PVC Pipe Bomb UVIED, Large (C4) – Inert Replica
- 1x M112 C4 Demolition Block Under-Vehicle IED – Inert Replica

- 1x Suicide Vest Type #1 (C4) – Inert Replica
- 1x Suicide Belt Type #1 – Inert Replica
- 5x VBIED / UVIED Awareness Posters (30" x 30" each)

VBIED TRAINING KIT #1 (9X ANFO BAGS) – INERT REPLICA

Product code: SKU: OTA-903- Price \$827.80

This vehicle-borne IED (VBIED) training aid kit includes nine 55 pound ammonium nitrate bags, which are filled with a simulated ammonium nitrate / fuel oil mix. The kit also includes an inert improvised booster, utilizing a large PVC pipe bomb IED (w/ Electric Initiator).

Each bag weighs ~20 lbs.

Available in the following configurations:

Basic Replica:

This device is visually correct only. There is no associated penalty monitor to indicate the IED has been triggered.

Part Number : OTA-903
